Dell UltraSharp 40 Curved Thunderbolt™ Hub Monitor | **U4025QW**

The world's # 1 monitor company*

World's first 40"
5K monitor certified for
5-star Eye Comfort¹

Immerse yourself in crystal clear visuals with enhanced eye comfort.

Immersive view, exceptional screen performance

An impressive 40" 5K monitor, that comes with 120Hz refresh rate alongside a curved screen that expands your field of view while delivering smooth and responsive visuals. Experience true-to-life colors with 99% DCI-P3 / Display P3 color space and get a wide viewing angle with IPS Black panel that delivers deeper blacks with 2000:1 contrast ratio.

Productivity powerhouse

Experience fast connectivity and seamless image transmission with this Thunderbolt 4 hub monitor that delivers up to 140W through a single cable. iMST lets you effortlessly multitask by splitting the display into two screens from a single PC source while Network KVM allows you to work across two PCs for improved productivity.

Designed for effortless comfort

Protect your eyes from harmful blue light emission without sacrificing color with improved ComfortView Plus that reduces harmful blue light to less than 35%. Combined with 120Hz refresh rate and ambient light sensor that automatically adjust the display brightness and color tone to match the environment lighting, this monitor is 5-star certified by TÜV Rheinland for all-day eye comfort.¹

Exceptional contrast
See incredible color and superior black performance with a contrast ratio of 2,000:1 with IPS Black panel technology.

Immersive clarity
Curved WUHD (5120 x 2160) resolution on a 39.7" monitor

Ambient Light Sensor
Built-in Ambient Light Sensor intelligently optimizes brightness and color temperature based on your surroundings.

Improved **ComfortView Plus** reduces harmful blue light emissions to less than 35% without sacrificing color performance.

Fast and stable Ethernet
Get up to 2.5 GbE with RJ45 port that comes with PXE boot, Mac Address pass-thru[1] and Wake on LAN features.

True brilliance
Experience true-to-life visuals with 1.07 billion colors, a wide color gamut including 100% sRGB, 100% Rec. 709, 99% Display P3 / DCI-P3, and VESA Certified DisplayHDR™ 600.

Easily connect your accessories and devices with **USB-A and USB-C pop-out quick-access ports**.

Extensive connectivity
Stay connected to multiple devices with Thunderbolt 4 (up to 140W power delivery), USB-A, DP 1.4 and HDMI (supports up to 5K2K 5120 x 2160 120Hz FRL, HDR Static Metadata, VRR as per specified in HDMI 2.1) ports.

Connect two PC sources and multitask efficiently with **Picture-by-Picture / Picture-in-Picture** and **Network KVM and Auto KVM**.

ENERGY STAR®, TCO Certified Edge, EPEAT® Gold registered.

Adjust to your comfort
Tilt, swivel, and height adjustment (150mm max).

D≪LL Technologies

Exceptional contrast and stunning colors

Exceptional contrast

See incredible color and deeper blacks with a contrast ratio of 2,000:1 with IPS Black panel technology. With a wide 178°/178° viewing angle, images remain spectacular, from virtually any angle.

True brilliance

With 1.07 billion colors and a wide color gamut (99% DCI-P3, 99% Display P3, 100% sRGB and 100% BT.709) every color will stand out.

Dell Color Management

Easily calibrate your monitor's colors with the new Dell Color Management software[1], developed in partnership with Calman certification. Create and store preset color profiles you can save and use later on your monitor.

1   Compatible with external colorimeter (listed below), sold separately. Portrait Displays: C6 HDR2000, X-Rite: i1Display Pro, i1Display Pro Plus, Klein Instruments: K10, Calibrate: ColorChecker Display Pro, ColorChecker Display Plus.

D&LL Technologies

Connectivity that drives productivity

Thunderbolt Hub monitors offer extensive connectivity options including Thunderbolt 4 (up to 140W power delivery), RJ45 for wired Ethernet access, super speed USB for fast data transfers, and more.

Streamline your workspace
Reduce cable clutter with Thunderbolt 4 connectivity that transmits data and video while delivering up to 140W[1] to power a wide range of laptops.

Connect to your network
Get stable Ethernet connection to your network with RJ45.

Your hub for connectivity

Quick convenience
Quick-access USB-C and super speed USB 10Gbps ports enable fast data transfers and charging of up to 15W[2] of power.

Easy to manage
Get enhanced manageability with MAC Address pass-through[4], PXE Boot, and Wake-on-LAN conveniently built in.

Jumpstart productivity
Simply press the monitor power button, and the power sync feature seamlessly starts your monitor and connected Dell PC.[3]

1   Dell adheres to standard USB-C specifications and protocol. Functionality with non-Dell USB-C systems may vary.
2   Via quick access USB-C port.
3   The power sync feature on this Dell Thunderbolt Monitor enables start up and wake-on-demand on compatible Dell PCs. Please check your Dell PC to ensure support of this feature.
4   MAC Address pass-through functionality is tested to work with most Dell PC systems. Functionality on non-Dell systems may vary.

Sustainability on Dell Monitors

Environmental standards

This monitor is made from 85% PCR (Post-consumer Recyclable) plastic in the design[1], 90% recycled aluminum and meets the latest environmental standards such as ENERGY STAR®, and TCO Certified Edge, and are EPEAT® Gold[2] registered.

Eco-conscious packaging

Dell monitors ship in boxes made with 100% renewable content that is also 100% recyclable.[3]

Energy conservation

Save energy with PowerNap[4], a feature that dims or puts your monitor to sleep when it's not in use.

---

1   By weight of the total weight of plastic parts in product. Excludes printed circuit boards, labels, cables, connectors, electronic components, optical components, ESD components, EMI components adhesives, and coatings.
2   EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
3   Applies to all Dell monitors launched since 2023. Made from FSC mix sources which is a mix of material from FSC certified forests, recycled content and/or FSC controlled wood. Based on internal analysis, August 2023.
4   Enabled by Dell Display Manager.

Designed for you

―

Crafted with a premium platinum silver finish, this stylish Dell UltraSharp 40 Curved Thunderbolt Hub monitor fits both home and office environments.

Designed with purpose

The small base and elegant cable management system hides cords within the monitor riser.

Easy-to-use

Navigate the onscreen menu and adjust settings with a convenient joystick control.

Work comfortably

Experience made-for-you comfort by tilting, swiveling, and adjusting the height of your monitor (150mm max).

Dell Display Manager

Modern Intuitive User Interface

New modern user interface for ease of use and personalization of features with Menu launcher.

Productive at every level

Easy Arrange allows you to easily tile multiple applications across one or more screens with 48 pre-set window partitions and the ability to personalize up to five windows, giving you improved multitasking abilities. Easy Arrange Memory save the placement of your programs and applications in the layouts and restore them when you select the preferred layout.

Stay updated

Get automatic notification anytime for new updates on monitor firmware[1] and software.

Optimize front of screen experience

Get uniform color experience from your monitor seamlessly by matching the color preset of the monitor[1] and the supported ICC profile.

Easy setup and sharing of accessories

Setup a single keyboard and mouse to be shared easily between multiple PCs with USB KVM wizard.[1] Quick access menu or hotkey allow convenient fast switching between PCs.

Easy deployment

DDM is compatible with management tools such as SCCM, InTune and Command Line Interface scripts for easy IT integration and deployment with asset management.
